Since families whose children study here have greater political influence.
To make my family happy
I don't want to give up studying in this school
SLAM
Although my family had been able to escape from difficulties during Communism.
At the end of the Cold War, they were miserable.

Plop
People don't know this, but honestly, my family can't afford my expenses here.
And since I can't get a job, I have to endure this
sigh
